

# Air N Arc® 150 ALL-IN-ONE Power System®

Welder | generator | air compressor | optional battery booster

## Designed for Light to Medium Industrial Repair

The Air N Arc® 150 is the system to choose when weight is the issue. The three head cylinder design on the air compressor means temperatures run cooler for heavy duty air usage.

## Specifications

Engine:		14 HP Kohler or 18 HP Kohler
Compressor Type:		Reciprocating
Generator Wattage:		5 kW peak watts 120V/240V
Welder Amperage:		150 amps high frequency CC/DC at 100% duty cycle
Max Pressure (psi):		150
CFM Rating :		20 cfm
Air Storage Capacity:		8 gallon, 30 gallon, or Remote Tank
Drive System :		Dual V-belt/serpentine
Kohler Fuel Capacity (gal):	Kohler 14	1.75
	Kohler 18	4.5 or 11.5
Weight (lbs.):		425-565
Dimensions. (8gal-in.):	Kohler 14	17W x 51L x 29H
	Kohler 18	20.125W x 48.125L x 29H
Dimensions. (30gal-in.):	Kohler 14	19W x 51L x 41H
	Kohler 18	20.125W x 48.125L x 41H
Dimensions. (Skid):	Kohler 14	19W x 51L x 24H
	Kohler 18	20.125W x 48.125L x 26.5H

*Product improvement is a continuing goal. Design and specifications are subject to change without notice or obligations.*

Also available in 8 Gallon and Skid Mount

## Special Features

- TRUE 2 generator system for safe multi-function of welder and electric tools
- Amperage and power controls built into welding lead for ease of use
- Auto throttle control
- All the benefits of a high frequency welder offering excellent weld characteristics - 100% duty cycle
- Cast iron air pump (3 cylinder head design for better cooling)
- Totally self-contained, but can be integrated with the chassis for maximum versatility
- Electric start
- Reliable and easy starting Kohler engines
- Drive System Heavy duty belt drive system for anti-vibration and long service intervals
- Available in either 8 gallon, 30 gallon, or Remote Tank configuration
- Integrated lift hook and battery tray
- Designed for easy maintenance and fuel efficiency

- Powder coated sheet metal
- Galvannealed steel

## Options & Accessories

- Remote mount control panel (Kohler 18 only)
- 12V/24V charge boost capability
- CV MIG capability on remote panel machines
- Cable extension - 20', 30', 40', 50'
- Battery booster cables
- Electric fuel pump (Kohler 18 only)
- Fuel tank – slimline 11 gal. (Kohler 18 only)
- Remote air tank options
- Remote condensation drain
- Welding helmet with auto darkening lens
- Dry cell battery
- Cold weather kits
- Maintenance kits
- Welding rods
- Hose reels
- GFCI outlet for protection of 120V/240V
