

PRO Reciprocating Compressor Series

Meeting Your Demands for Convenience

Vanair's new line of entry level reciprocating compressor packages were developed to meet the demands of customers that need the convenience of mobile air at an economical cost. Designed to provide rugged, powerful and dependable performance, these compressors are a perfect fit for the mechanic, service, agriculture and contractor markets. The Vanair Pro Series offers Honda or Kohler engines and air power from 18-35 cfm with up to 170 psi. Systems are all electric start and are available in skid, 10 gallon twin and 30 gallon tank configurations.
