

THP Series

The perfect pump for sprinkling, irrigation, firefighting and other high pressure applications.

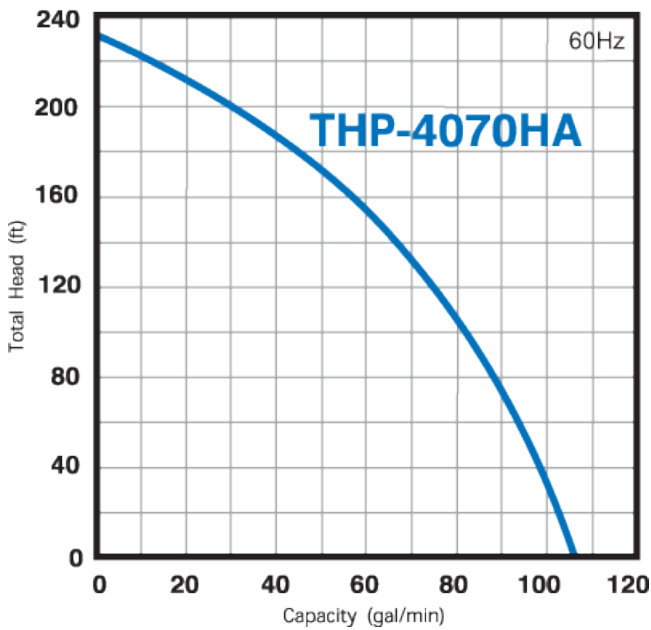

THP Series Features

Heavy-duty Honda gas engine with oil sensor and Silicon Carbide mechanical seal provides the longest life in this class. Maximum pressure of 100 PSI for high pressure applications.

Versatile 3-way discharge allows pump to run up to three discharge lines simultaneously. Two 1" couplings and one 1 1/2" coupling.

High head, closed impeller and cast iron volute casing deliver high performance and long wear life.

Performance Range

Model	Suction Size (in.)	Discharge Size (in.)	Engine Model	Shipping Weight (lbs.)	Shipping Dimensions (in.)
THP-4070H A	1.5 IPT	1x2 & 1.5x1	Honda GX-160KISX	62	21x16x18
